Compliance with law to avail government benefits

Attract investors and customers

Prestige and an aura of stability to the business

### URBAN LOCAL BODIES

Reduce operational & transactional costs

Increase employee productivity & efficiency

Elimination of physical touch points

Reduce call based citizen inquiries

# TRANSFORMING GOVERNANCE SINCE 2003

eGov Foundation was established in 2003 by **Nandan Nilekani** and **Srikanth Nadhamuni** to partner with city administrators in their drive to leverage transformative power of technology for better quality of life in Indian cities and to make them sustainable. Over the last 17 years, we have partnered with the local governments to improve service delivery, build capacity and enable the creation of a digitally empowered society and community with DIGIT platform- a Public Digital Good.

Reaching more than **950+ towns and cities** across India, **12Cr+ Citizens** have benefited from our platform and we thrive at building a digitally-enabled ecosystem in all **4400+ towns and cities** in India.

## Current Footprint

<b>950+</b> Cities/Towns	<b>12Cr+</b> Citizens	<b>30Lac+</b> Grievances @96% redressal	<b>₹10K Cr+</b> Property tax collected	<b>65Lac+</b> Properties on the platform
-----------------------------	--------------------------	---	--	--
